Federally Insured by NCUA

*APY = Annual Percentage Yield. Rates good for new money not currently on deposit at FDCommunity. Dividends are compounded and credited monthly and are paid at the stated rates on any amount on deposit according to the dividend calculation method in the account disclosure. Withdrawal of dividends prior to maturity will reduce earnings. Penalty will be imposed for early withdrawal and will affect APY; fees may reduce earnings. Rates are fixed for the term of the share certificate. Offer subject to change without notice.
